Choosing an exclusive style.

E' bello poter pensare ad una casa con l'atmosfera di una nuova candela da poter accendere; con quella fiamma che brilla e ci tiene compagnia, mentre, seduti sul divano, godiamo dei nostri momenti più intimi, privati.

Quei momenti irripetibili che faranno parte di un nostro vissuto. Candele dai colori che esprimono gusto, eleganza e stile anche attraverso le forme con cui sono realizzate.

Candele dalle essenze entusiasmanti, capaci di rievocare ricordi, di evocare sensazioni. Candele che fanno compagnia tanto quanto un bel film, un buon libro. Candele fatte col cuore per sedurre l'anima. E altrettanto col cuore abbiamo realizzato il servizio fotografico nel cuore antico della città del giglio.

Due splendide location hanno coronato i nostri prodotti: l'hotel portrait e l'hotel lungarno da dove si gode uno spettacolare affaccio sull'Arno e da dove si respira l'essenza della nostra città.

Think of a home whose atmosphere is that of a new candle waiting to be lit. A flickering flame keeps us company as we relax on the sofa and enjoy our most intimate, private moments, those unique moments that make up our lives. Candles in colors and shapes that reflect taste, elegance and style.

Candles with invigorating essences that evoke memories and emotions. Candles that keep you company like a good film or a favorite book.

Candles made with heart to seduce your soul. With that same heart we staged the photoshoot in the ancient heart of the city of the lily, Florence.

Two splendid locations highlight our products: Hotel Portrait and Hotel Lungarno, whose spectacular views over the Arno let us breathe the essence of our city.
